

## TABLE 1020

**THE ROUND DINING TABLE** in elmroot, walnut, mahogany and birch was designed by Josef Frank for Svenskt Tenn around 1940. He created both the column base and the chequered intarsia edging based on an English model. The mix of different types of wood is a typical feature of Josef Frank's classic design. The table is nowadays produced by the firm of master carpenters Eriksson och Söner outside Nyköping.
