TRAY STAND STEEL

MATERIAL Lacquered steel with plastic covers on the top and the bottom to protect both floor and tray.

CARE INSTRUCTIONS To clean, use a soft cloth dampened with a mild detergent or soapy water. Make sure to wipe the surface dry immediately. Dry in the direction of the material's grain.

Lacquered or coated pieces can be harmed by direct contact with heat and prolonged humidity. Scratches can be extra visible on colour-coated surfaces, but at the same time, these are also part of the table's character. If there is deeper damage to the metal, we recommend you to contact an expert to avoid corrosion.
