

STOL SIRRKA

DESIGNER: MIMMI BLOMQVIST, 2023

A sculptural, functional and elegant stool, designed exclusively for Svenskt Tenn by artist and designer Mimmi Blomqvist. The stool is both practical and beautiful with its soft, mushroom-like form. It is made of ash wood, with a weightiness and design that make it both stable and eye-catching. The stool can be placed as a sculpture next to the coffee table or used as a functional seat in the living room. The collection is based on the organic forms found in nature and the soft designs that Blomqvist encountered growing up.

It is named after her paternal grandmother Sirkka.
